

GOALS AND EXPECTED RESULTS

- Extensive literature review complemented by structured and focused questionnaire surveys depicting the context of distance learning.
- Recording all the required attributes of the most suitable instructor/educator for every online class/course within each partners' country.
- Critical attributes include:
 - Educators' Teaching Styles
 - Students' Learning Styles
 - Personality Traits and Facets of Both Educators and Students
- Design and Implementation of a dynamic ODLEP platform
- Testing and Evaluating ODLEP Platform through the conduction of courses at each university within the partnership.

THE ODLEP PROJECT

The ODLEP project is funded by I.K.Y., the Erasmus+ National Agency in Greece (**Erasmus+ Programme Cooperation Partnership in Higher Education Key Action 2, Project reference No: 2022-1-EL01-KA220-HED-000089152**). The project will create an innovative and effective framework for selecting the most suitable instructor for a given group of students for a competent and successful online distance learning program.

Finally, the ODLEP partners are dedicated to developing an ODLEP education label that will seek to promote the platform in all forms of online education.
